Yes just the bank statements
November December January

Just the front page or the whole
statement

Whole. Download if pdf from the
bank

I don't need statements

Right now you owe 85k left on
one of the loans

I can bring it down to 70k and
save you 15k off the balance

How much extra cash would
work for you?

\$80K

80k on top of the 70k payoff

That would be nice but whatever
you got

I got you a sick offer
